Care Instructions ** Please disregard the instructions on the clothing tags as this does not take into account that this fabric contains Print or Embroidery.
To improve the longevity of this product – Colour, Size, Quality:
When using a machine please choose a delicate cycle washing setting and select a cold or cool temperature wash (water temperature should not exceed 30C or 65 to 85F) and add the appropriate amount of mild liquid detergent, such as Woolite, to the water. Smaller loads are best when washing printed items. It is recommended that you wash clothing of a similar colour together. Light spin only and do not tumble dry. Take the clothes out of the machine as soon as the wash has finished.
